What We Like About School

What I Like About My School By Chris Ng (4A)

The teachers in my school are very nice, helpful and have a good memory. They teach me and my classmates. If any student gets hurt, the teachers will be there to help them. Besides that, the teachers also can remember a lot of things.

I like my friends too. They can teach and help me with my homework. Then, during recess time, they can play paper scissors-stone with me.

Apart from that, I like my school's sport activities, for example, table tennis and tennis. These sport activities keep me fit.

Therefore, there are a lot of teachers, friends and activities that I like at school.

What I Like About School By Calvin Kong (4A)

I like the rocket poster in the General Studies room. I think this poster is the most interesting poster because there is a lot of information about rockets on the poster.

Last month, our class 4A went to the Airport-Expo. I enjoyed this trip very much. There were many beautiful malls. I especially liked this trip very much because I enjoyed the buffet.

I remember my first day of school, my mum made two cups of hot chocolate for me. Then I went to school. At school, I sometimes feel scared but sometimes I'm not. Although, I think the teachers will give me a lot of homework, I'm not afraid because they are kind and nice to me.

There are many interesting facilities in my school. I like the library the best because I enjoy reading. Today, I borrowed a book called "Twelve Pigs" from the library. It was funny because these pigs are lazy and they always did something funny.

I like my school very much.

What I Like About School By Billy Lai (4A)

I am a student in LKKB. I like my school because there are many teachers and friends who are friendly and kind to me like Tim, Calvin and teacher Connie. They make me love my school. I also have many favourite subjects, for example, English, Chinese, Maths and P.E. My school has many facilities like the computer room, the library, the playground and a music room. My school also has many activities too. My two favourite activities are football and table tennis because I like sports. I like our school trips too because I can see many interesting things.

I like my school very much.

What I Like About My School By Helen Cheung (5A)

I like the activities that my school organises in my school. My school has many activities like "Music Day", "Magic Shows", "Sports Day" and "Christmas Party."

I like the "Sports Day" the most because I can keep fit and healthy. After the race, I can get a lot of prizes so I feel excited. I like the "Christmas Party" too because it has many lucky draws. I always get to win some prizes from the lucky draws. Furthermore, on that day, we can eat a lot of delicious and tasty food.

I feel happy in LKKB because I have a lot of friends.

Sports Day

My Happy Sports Day By Marsha Lam (6A)

Today, we had sports day. It was a big day and we had many sport tournaments, such as races, high jump and long jump. Many people came to the sport tournaments. They were excited and so was I.

The athletes warmed up before the race. They were nervous. Teachers took some photos of them and told them not to be nervous.

First, we had a race. All the athletes ran as fast as lightning. Their parents cheered for them. I was one of the cheerleaders. I cheered too. I also sang with other cheerleaders.

After that, we had high jump and long jump. The athletes would jump very far. Then, the teachers took many photos. Everybody cheered and laughed. All the people got excited when the race began.

Finally, we won thirty-three medals. We had a great day and we had a lot of fun. We were happy.

Holidays

My Dream Holiday By Jason Chan (6A)

My dream holiday is to work hard then play hard during the holidays. It starts from tomorrow. Today is my last school day before the Chinese New Year holidays. Tomorrow, I can play computer games during these holidays because I need to only work hard for one day then I can have 364 days of holidays. Isn't it the best holiday? I think this is the best holiday because I would have 364 days of holidays. I could go everywhere and anywhere during these holidays. I could travel around the world with my family. If I had \$1, 000, 000, 000 in cash, I would buy all the things in the world.

I think this would be the best kind of holiday.

My Easter Holidays By Marsha Lam (6A)

I had a wonderful Easter holiday. I had done many great things with my family. My grandma came to our home from Mainland China. She is kind. In the morning, we went out for a while and picked some beautiful flowers.

I went shopping with my parents and my grandma. We bought many types of delicious food. We bought some bread and biscuits. I also bought a beautiful new dress. I liked it very much. We went to a new restaurant to have our lunch. The food was yummy. We were full.

On Sunday, we went swimming. We played in the water happily. We enjoyed swimming very much because it was fun. I liked to play in the water and didn't want to get out of the pool. We went hiking which was fun. I felt great after the hike. We brought some apple pies with us. The pies were delicious.

One rainy day, we stayed at home. Although we needed to stay at home, we weren't bored. We played jigsaw puzzles together. It was fun. We also watched a movie which was called Mr. Bean. It was funny and we laughed and laughed.

These holidays were really a happy time. I enjoyed it very much. I will never forget these holidays.

Nicest Holiday By Calvin Kong (4A)

My nicest holiday would be to go to the "Scary Tower." It's in Saturn. I would travel there when I have a super rocket. I would go there on my super rocket. I want to see the "Scary Tower man." The "Scary Tower man" would look like an apple. I want to go to the Scary Tower because I think it would be a great adventure.

The opportunity to go to Saturn's "Scary Tower" would be the nicest adventure.

My Easter Holidays By Moon Ng (6A)

I had a wonderful Easter holiday. I did many sports activities during the holidays such as swimming and playing badminton. My mum's birthday came during the holidays. It was on 5th April, 2012. I bought a beautiful dress and a yummy birthday cake for my mum. She was touched and excited. I made a mango jelly for my mum but it was very sour. I changed my glasses and hair style which I thought made me look beautiful.

I went shopping with my mum too. We ate a lot of food but I thought the yoghurt ice cream was yummy. I ate a lot. I felt happy during the Easter holidays.

My Favourite Holiday By Derek Ho (6A)

My favourite holiday is Chinese New Year. It is because I can get red packets. I feel happy. I normally use the money to buy the books or toys I like. I can also eat many kinds of food such as sweets and chocolates. They are yummy. This year's Chinese New Year holiday was in January. I celebrated it at home with my family. I went to visit my grandparents during the holidays. I got red packets from them.

I hope every day could be Chinese New Year so that I can get red packets every day.

My Dream Holiday By Billy Lai (4A)

My dream holiday is for an apple holiday. On that day, every person would want to eat apples and throw apples. The holiday would be in October. People would throw apples and eat apples in their city. They would play with everybody. This holiday would be very interesting and funny. After this holiday, people would clean the city and their homes.

My Class

6A Class is a Zoo

By: Tim Lau, Ivan Cheung and Oscar Pun (6A)

6A class is a big and funny zoo. There are forty students in our class. Our class is very tidy and clean. We have a computer in our classroom. We also have a lot of books on the bookshelves. We all like our class very much because our teachers always tell funny jokes such as “Tommy has a big tummy!” It always makes us laugh.

Why is our class called a zoo? It is because of our humourous class teacher, Mr. Cheng who always gives us funny names such as dolphin, pig, turtle, monkey, octopus, snail and cow. Everyone has different names because some classmates do things slowly and some like talking.

We all love our class! Our classmates are very helpful. We always help each other. Mr. Cheng, our class teacher, is very humourous and so are some of our classmates. The funniest classmate in our class is Oscar Pun. He always tells jokes. The tallest classmate in our class is Jackie Tong. She is even taller than some teachers!

6A class is a happy zoo! 6A class is an interesting zoo! 6A class is an amazing zoo!
