New Year Resolutions

The Chinese New Year has just ended. Have you set yourself a goal for the New Year? New Year is not only a time for family reunion, it's also always a good time for people to reflect and look for a fresh start. Here are some resolutions made by our team members. Do you share the same resolutions with us?

- I want to play less mobile phone games because it is bad for my eyes. By 5B Huang Annie
- I want to learn more about the space.
By 4A Gordon Teng Hung Li
- I want to spend more time studying because I want to go to a good secondary school. By 6A Vincent Lin Shun Hang
- I want to eat more healthy food because I want to stay strong. By 5B Sunny Zhang Yuk Yan
- I want to play the violin well so I will practise more.
By 4A Amy Zhang Xin

Some advice to keep your resolutions:

1. Start small and set attainable goals:

Do not set too many goals or aim too high. Choose your goals carefully and focus on one or two goals.

2. Set a time-table:

Assess your short-term progress from time to time throughout the year.

3. Talk to someone:

Tell your family members or friends about your plan. Share your struggles and successes with them.

4. Ask for support:

You can join a group of people sharing the same goal with you. Share and learn from one another's experiences.

5. Never give up:

Slip-ups are inevitable at some point but it's not an excuse to give up. Get on the right track and start again!

A Letter to the Principal

6C Cherry Lai Sze Ki

14th November, 2017

Dear Miss Lau,

How are you? I'm writing to you to talk about the problems in Laos. The people there are facing a lot of difficulties. For example, the land is too dry, so they can just grow very little food. They have no money to buy medicine, so they always get sick. The weather is too hot, so they can't sleep well.

But we want to organize some activities and do something to help them such as donating some money to them to buy food, fans, medicine and other things. We can help them build schools. Also, we can invite some voluntary doctors to help the sick people.

They are very poor, so we want to help them! Please support our activities!

You sincerely,
Cherry Lai Sze Ki

The opponents, including Guy Fawkes, made up a plan. They wanted to use gunpowder to kill the king. They prepared and put all the gunpowder under the Houses of Parliament in the cellar. They planned to blow up the Houses of Parliament. When everything was ready, they were afraid that their family and friends would worry about them. Therefore, they wrote letters to their family and friends.

Unfortunately, the king got one of the letters

and knew their plan. He got mad. He caught all the traitors. He used a cruel way to kill them. He hanged, drawn, and quartered them. From then on, no one dared to kill King James.

Today, people in England still remember Guy Fawkes by setting bonfires on 5th November. Guy Fawkes Night is also called Bonfire Night.

A Scary Night

By 5A Huang Annie

Once upon a time, there was a werewolf who lived in a dark, haunted house. He was nasty and tricky. He had a friend who was a spider. The spider was tricky too!

One day, the werewolf and the spider wanted to play a scary trick in the school. They made some scary sounds at night. A cleaner heard a strange and scary noise. She was scared so she screamed loudly. The werewolf and spider were so happy about it. They did not stop. They then pushed the tables and chairs down. They made a mess and hid. The cleaner was so shocked to see the mess. She did not know what happened. She was so scared that she ran away.

The next day, the cleaner went to see the principal and told her everything happened to her the night before. The principal knew a nice witch. The witch promised to help the principal to find out what happened. That night, the witch found out that everything was done by the werewolf and the spider. She knew that the werewolf and the spider were afraid of the colour white, so she prepared a white cage to catch them. The witch's plan was successful. She caught the werewolf and the spider. They tried to escape but they failed and fainted.

From that day on, no one saw the witch, werewolf or the spider in the school again.
