Sydney Trip

During the Easter holidays, Miss Mak Long Ying and ten students from P.5 went on a Sydney English study tour for nine days co-organized by our school and the Hong Kong Student Aid Society Primary School. We visited famous tourist destinations in Sydney, had delicious food and went to a local school where we met a lot of new friends.

We learnt about the culture of Australia. The study tour also helped improve our English because we could use English to communicate with Australian people. It was a fun and memorable trip. We had a great time in Sydney.

Day 1

23rd March, 2018 (Friday)

Cloudy

We're excited because we're going to Sydney today! We met in the afternoon at school and arrived at Hong Kong International Airport in the evening. When we checked in, Mr. Fan and Miss Yeung suddenly showed up at the airport. They were nice and gave us some snacks. We were surprised! We took amazing group photos before we departed Hong Kong.

It was a long flight! Ten hours! Although travelling by plane is fast, it's uncomfortable! We could not sleep well on the plane but we had a nice dinner and watched interesting movies! We will arrive in Sydney tomorrow. What will happen?

By Bobo Pang Wing Chi

Day 2-3

We visited the famous Sydney Opera House and Harbour Bridge.

We saw a lot of beautiful birds and plants at the Royal Botanic Garden.

We screamed while we were riding on the skyway at Blue Mountains National Park

Day 4-5

There were a lot of people at Bondi Beach.

At Sealife Aquarium, we saw a lot of sea creatures, such as the dugong, star fish, sharks, jelly fish and the penguins.

We visited Taronga Zoo. We were so excited to see the giraffes, kangaroos and koalas

This morning we woke up very early for a school visit because we did not want to be late. It was our first time to go to an Australian Primary school. It was called Mary Immaculate Primary School. We made a lot of new friends there. Mr. Dowd is the principal. He greeted us and showed us around the school. He was very nice.

Firstly, we did a presentation about Hong Kong and introduced Hong Kong's famous food and tourist attractions to the Australian students. They were excited to answer our questions. All of them put up their hands! We were surprised! Then we had a group discussion with Australian students. We compared the cultures of Hong Kong and Australia. Australian lessons are different from Hong Kong's schools. They have a lot of group projects and discussion, but they do not have much homework. During recess, the children invited us to play with them in the playground. It was fun! Next we had music, art and P.E. lessons with the students

there. We enjoyed playing ball games on the grass the most.

In the afternoon, we had lunch in the school canteen. Mr Dowd invited us to join an Easter raffle in the school hall. There were a lot of Easter eggs! We also brought some special souvenirs from Hong Kong and gave them to the students. We hoped they liked our gifts. Finally, our school prepared Chinese calligraphy as gifts for the school. They were wishes written on red banners. They meant blessing, energy and good health.

We had a great time in the school visit. The kids were kind and friendly. We hope to see them in Hong Kong in the future.

By Smile Yao, Kathy Wong and Sunny He

We fed the lovely sheep and watched them being sheared on a farm.

Day 7-8

We took a lot of photos at St Mary's Cathedral and Australian Museum. We learnt about the Australian history and culture.

It was our last day in Sydney. We woke up very early for our flight. It was a nice study tour. We had great fun in this beautiful city. We liked the blue sky and perfect sunshine there. We also learnt to get on with one another and take care of ourselves. We want to thank Miss Mak for taking good care of us for nine days. We also want to thank Mandy, our tour guide. She was nice and friendly. We hope to visit Sydney again soon. Goodbye, Sydney!

4F Feng Tin Lok

Dear Rose,

I am sorry to hear that you are feeling sad and you did not enjoy the camp.

If you want to be fit, you need to do more sports and have good eating habits. Fruit and vegetables are good for us. You need to eat more vegetables and fruit. Too much sugary food is bad for your teeth. I think you need to eat fewer sweets.

I am sure if you take my advice, you will become fit and healthy. I hope you will do more sports and eat more fruit. I believe you can enjoy it more next year.

Yours,
Sandy

Interesting Places in Hong Kong

5A Lucy Chan Lok Tung

There are many interesting places in Hong Kong. We can see and do a lot of things there. Let me introduce them to you.

In Tsim Sha Tsui, we can go to the Avenue of Stars. We can visit and take photos with magnificent statues, such as Bruce Lee and McDel. Also, we can buy some souvenirs we like. That's a great place to go in Hong Kong.

On Hong Kong Island, we can go to the Peak. We can take fantastic photos of different things, such as tall buildings in the distance, the beautiful sky and people on the streets. Of course, we can go shopping in the malls and have delicious dim sum in the Chinese restaurants. Does it sound wonderful?

Also on Hong Kong Island we can go to Aberdeen. We can eat some seafood, such as fish, shrimp, crab and scallops. Apart from that, we can enjoy the beautiful sea view and take photos of the sea. It's a great place to enjoy the scenery.

In Hong Kong, we can go to many different places. Hong Kong is a wonderful place. Why not go there soon?

A Cooking Day

5B Nana Chen Xiao Nang

Last month, I cooked with Sunny, Matthew and Leo. We cooked sweet sago cream with coconut milk. We cooked in Sunny's home.

Matthew searched for the recipe. Matthew said, 'We need to buy 500 grams of tapioca pearls, 500 millilitres of coconut milk, 200 millilitres of water and 50 grams of sugar.' So, Leo went to buy the ingredients.

First, Sunny boiled the water with the tapioca pearl and mixed it. Then, I added sugar into the mixture, but I added too much sugar so it would be too sweet. Sunny said, 'That's alright'. After that, Matthew poured the coconut milk into the mixture. Next, Leo put the mixture in the fridge. Thirty minutes later, Leo took the mixture out.

Finally, we sat down and enjoyed sweet sago cream with coconut milk. It was delicious.

We all felt satisfied and happy. It was a great day!

How to Be a good Child

5D Betty Cheung Ka Yi

It is important for a child to behave well at home and in public places.

At home, we should share our feelings with our parents. Also, we should get on with our brothers or sisters. However, we shouldn't quarrel with them. Also, we shouldn't fight with them.

In public places, we should also behave well. We should sit quietly on the bus. Also, we should be polite at school. As well as that, we shouldn't speak loudly at the MTR station. Also, we shouldn't speak or play noisily in restaurants.

When someone helps us, we should say, 'Thank you.' or we can write a thank-you note to that person. When we hurt someone, we should say, 'Sorry' to him or draw a card for him.

The Three Wishes

5E Keaton Lo King To

A long long time ago, a fisherman and his friend lived near a river. Every day, the fisherman went to the river to catch fish.

One morning, the fisherman went to work as usual. He was about to catch a fish when a fairy fish appeared and begged him, 'If you let me go, you can have three wishes!' The fisherman was very happy. Then he ran home happily.

The fisherman told his friend about the fairy fish and the three wishes. His friend was happy. He thought that he would have a lot of girlfriends, a big and cool car and a lot of money. Both of them were very happy. The fisherman said, 'I know we shall be

rich.' Just then, the fisherman went to the river and said, 'Fairy fish, I want my three wishes!' Then the fairy fish appeared and said, 'What are your three wishes?' 'Fairy, I want to have a lot of girlfriends. Secondly, I want to have two big cool cars. Thirdly, I want to have a lot of money.' The fairy fish said, 'No more?' The fisherman said, 'That's all.' The fairy fish said, 'OK!'

The fisherman used his wishes for the money, girlfriends and the big cool cars. However, the fairy fish could not use the magic. Instead, the fairy only gave the fisherman some mosquitoes, a lot of insects and some dilapidated cars. Then the fisherman and his friends were sad.

An Accident

6A Anna Lee Yuk Ting

One day, Peter's mum cooked some soup. While she was taking the soup to the living room, the phone rang. It was Auntie Jenny who was in England. Mum hadn't chatted with her for a long time. She chatted with Auntie Jenny happily. She even forgot the soup! After thirty minutes, Peter felt hungry. He wanted to eat some food so he went to the kitchen to look for some cookies. Accidentally, he knocked over the soup! The hot soup burnt his arm. He was in pain so he shouted, 'Oh! Dad, help me.' He cried loudly.

Dad heard a loud noise so he went to the living room. He saw that Peter was hurt! He called 999 quickly. Peter was sent to the hospital. The doctor said, 'You will be fine, but you need to stay here for a week.' Mum felt so sorry for Peter.

After this accident, Peter learnt that he should be careful when doing anything.

A Letter to the Principal

6B Mandy Lee Man Ying

10th November, 2017

Dear principal,

How are you? We are writing because the Charity Club would like to help 'World Vision' to raise money for the poor children in Laos. We think our ideas will help solve some problems for the children there.

People in Laos do not have enough clean water because their drinking water is dirty. Also, 40% of people are sick because they do not have enough food. They do not have enough money to buy medicine.

We can donate money and collect some old books for sale. We would also like to go on a charity walk and run on a second hand stall.

We hope you will be able to help us organize the charity events.

Yours sincerely,

Mandy Lee

Member of the Charity Club

How Karen Spent Her Pocket Money

6C Shirley Cheung Siu Man

Yesterday, Karen and her mum were in their house. Karen got a good result in her exam, so her mum gave her some pocket money. Karen was happy and excited because she could buy many snacks and food that she liked.

Then Karen went outside to buy what she wanted. Karen walked on the street and she saw a hawker selling some fish balls. The hawkers said, 'The fish balls are clean and delicious. You must try them.' Karen thought the fish balls should be clean. She bought and ate the fish balls. She was happy because the fish balls were delicious. However, one hour later, Karen had a stomachache. Her mum felt worried. Karen looked very sick. They went to the hospital quickly to see the doctor.

The doctor told Karen, 'You ate too much dirty food. It can make you sick. You should eat more healthy food to stay healthy. Here is some medicine. Take the medicine twice a day. Remember to eat more healthy food. Then Karen and her mum went home. Karen would not eat dirty food anymore.'

A Farewell Speech

6D Grace Lao Choi Ying

Good morning, everyone. Today is the last day of primary school for us and I'd like to thank our teachers for a great year in Primary 6. There are some things we'll always remember and be thankful for.

We'll never forget when we won the volleyball competition. The score was 25 to 15. It was an exciting experience. We'd like to thank Miss Lung because she taught us to enjoy teamwork.

I went to a Shanghai study tour with my classmates. It was a joyful experience. I learnt the value of teamwork because we saw that the other students were working well together. This made them work faster. We'd like to thank the school for giving us the chance to join the tour.

Visiting the elderly centre was the most unforgettable experience. At first, I was annoyed and shouted at an old lady. Then Miss So taught me to be more patient and to respect others. In the end, I learned to respect the elderly more. We'd like to thank Miss So because she taught us to respect others.

Finally, I have a big thank you to all our teachers. We'll miss you all and we'll always remember what you taught us. Thank you.

I am reviewing the new Nerf N-Strike Elite Rapidstrike CS-18 Blaster. It is a toy gun which has a clip with 18 darts. I think it will be a lot of fun as it can fire the darts over 18 metres. It is a very big gun so you need to be strong to hold it. If you want to play with it, I'll ask you, 'How old are you?' as it's for ages 8 and over. It is a very powerful gun and you can even change it to 'sniper mode'. You can buy it from Toys 'R' Us for \$300.

Rating: 4/5

By 5A Annie Huang

I am going to review a toy called the 'Discovering STEM Architecture Set' by Engino. You can buy it in Toys 'R' Us for \$900HKD. You can build a model of the Eiffel Tower and Sydney Bridge, which is really fun and challenging. It makes me feel happy because building is so much fun. I will give it four stars because it is expensive.

Students' Voice over Heated Debates

On 1st June, the LKKB Students' Voice Team had a debate competition over some heated topics. The following are our team members' viewpoints. Do you share the same ideas with them?

Yellow Team

Minnie, Nana, Annie, Kitty, Nancy

Red Team

Mandy, Louis, Dickson, Christina, Tony

Blue Team

Janice, Janice, Sunny, Amy, Anna, Vincent, Gordon,

Should Children Be Allowed to Use Facebook?

☒ Yes

Yellow Team

- Children should be allowed to use Facebook because they can learn lots of information.
- Children don't like to read newspapers so using Facebook can allow them to learn new things in a fun way. We can learn about news from around the world using Facebook.
- Facebook allows children to talk to their family in other countries and make new friends in new places too. This keeps families close and means we can all stay connected to one another.

☒ No

Red Team

- We believe facebook isn't safe. Not only is going on facebook bad for our eyes but anyone can take our information, pictures and telephone numbers to commit crimes. Hackers can take your bank account number and steal your money.
- In addition, if you spend a long time on facebook, you might not be studying or doing homework meaning you'll get bad marks in your exams.

Should Children Be Allowed to Play Computer Games?

☒ Yes

Red Team

- Computer games should be played by children for many reasons. Firstly, some games are about history and what happened in the past. They can help us learn about history in a fun way.
- Secondly, playing computer games for 20 minutes a day allows us to relax. Our school lives are already busy so a little bit of time to have fun can actually help us improve our school lives.
- Finally, it allows us to play with friends and also make new friends.

☒ No

Blue Team

- In our opinion, students shouldn't be allowed to play computer games because it is not good for their health. Playing too many computer games and staring at a screen can damage our eyes. You need to take care of your eyesight.
- Also, playing too many games might mean students have less time to study and sleep. Then we will get bad marks in our exams.

Is Homework Important?

☒ Yes

Blue Team

- We agree homework is important. It is required by all students to do. Homework can help students remember what they learnt in lessons and is good revision too. We strongly agree homework is important.
- In addition, doing homework helps us get better exam results meaning we can study in good secondary schools and universities.

☒ No

Yellow Team

- We think homework isn't the most important thing in the world as students need time for activities that can help them relax and not feel too much pressure. Students can study at their own free will but homework isn't needed to do this.
- In addition, homework can be an extra burden on students from a busy school life. If they forget how to do something, they need to ask family to help them.

Public Transport Survey

By 6A Anna Lee Yuk Ting , 5A Huang Annie
5B Minnie Leung Hei Tung and 4A Dickson Siu Chun Yin

On 27th April, 2018, the LKKB newspaper team went to the Tin Shui Wai MTR station to do a survey on transport. We conducted the survey by interview and asked 35 people questions about how they travel. This is what we found:

We first asked them if they like public transport. 97% (34/35) of the interviewees think that public transport is a good thing. (See Fig. 1)

Next, we asked them if they have a car. More than four-fifths (31/35) of them do not have a car. (See Fig. 2)

Almost half (43%) of the people get to the MTR on foot while a quarter (23%) go there by bus. Only one person (1/35) drives to the MTR. (See Fig. 3)

Do you like public transport?

Fig. 1

Do you own a car?

Fig. 2

How do you get to the MTR station?

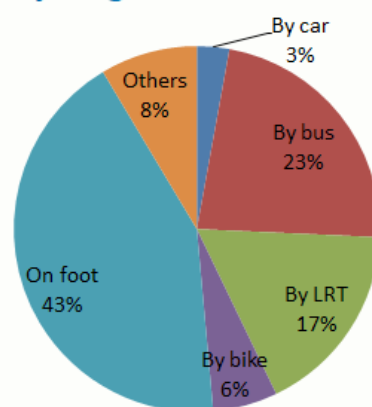

Fig. 3

What do you like about the MTR?

Fig. 4

What do people like about the MTR? 46% (16/35) said it is convenient while 34% (12/35) think it is fast. Only 11% (4/35) like it because it is cheap. (See Fig. 4)

So what don't people like about the MTR? Amazingly almost half the people interviewed (17/35) think it is expensive while 46% (16/35) think it is too crowded. The MTR must be very good if everyone uses it. (See Fig. 5)

What do you not like about the MTR?

Fig. 5

What would be your favourite way to travel?

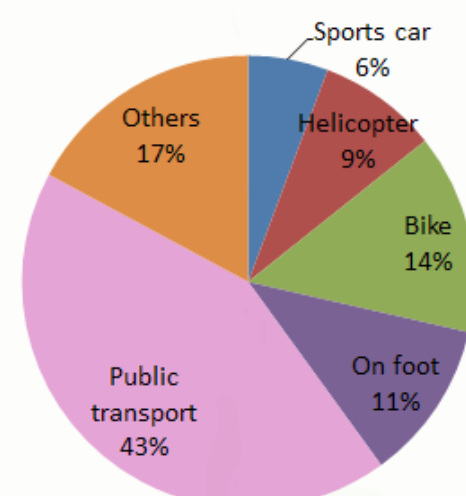

Fig. 6

Finally we asked the people what would be their favourite way to travel. Two people said by sports car, three people said by helicopter, four people like walking, five people like cycling and 15 people like public transport. That's 43%! (See Fig. 6)

We have learnt public transport is a good thing - especially the MTR! It is fast, convenient and good for the environment. Next time you are on the MTR think how lucky we are to travel quickly, cheaply and conveniently.
