A traffic accident

There was a traffic accident on 27<sup>th</sup> July, 2018. It was last Sunday at half past eight in the morning. I was walking on the street near my home when I saw it. There was a lorry which out of control.

When I saw it, I was scare and surprised. There were three little boys playing on the road. Their parents were chatting but the three little boys and their parents couldn't see the lorry. There was also an old woman cross the road. She couldn't see it too. After that I took out my phone and called the police.

Two police cars arrived quickly. Two policemen tried to stop the lorry but they couldn't stop it. A policeman was also hurt. The lorry was moving faster and faster. Other policemen couldn't stop it too. The three little boys hurt badly. Their mother and father called an ambulance and I also called the firemen. It took a long time to save the people and stopped the lorry. Finally the policemen found that the lorry driver had drunk a lot of liquor, but he also drove carelessly.

I thought that the traffic accident was terrible. I was upset about this incident because there were some people who go hurt in this traffic accident.
