Torres Chiu, Vincent Ho, Jason Chan, Jacob Chan and Michael Mak from 5A took part in the Pilot Puppet Competition (布偶比賽) held by the NET Section of the Educational Bureau in April. They won the Best Teamwork Award.

It was the first time they joined an English puppet competition. They put a lot of effort into designing and making the puppets on their own. Under the instructions of our NET teacher, Samuel, they tried their best to practise telling the story. Boys, we are very proud of your wonderful performance!

My New Year's Resolutions

P.6A Lucia Chong Long Ngai

The new year has just come. My **new year's resolutions** (新年大計) are to work hard at school and to learn French.

I will work hard at school because I want to get good **academic results** (學業成績). If I can do well in my exams, I will have a greater chance to go to a good secondary school.

I will learn French because it is a language that is spoken in many countries around the world. Besides English, French is another **international language** (國際語言). If I can speak French, I can communicate with people from different countries. I hope that I can have the chance to go to Paris, the capital city of France, one day.

I am sure 2015 will be a challenging year but I will try my best to do the things I said.

P.6A Albee Tang Ho Yee

My new year's resolutions are to learn the flute and improve my academic performance.

I like music. I want to learn to play the flute in the coming year. I will spare some time **practising** (練習) it. I hope that I can play it well.

I was not really **satisfied** (滿意) with my academic results in 2014 so I am going to do my revision more often so that I can get high marks in all the dictations and examinations. If I can do so, I believe that my parents will be very happy and they will be proud of me.

P.6A Lavender Chan Siu Yiu

Year 2015 is a new start. In the beginning of the year, I have some resolutions.

First of all, I will exercise more because I want to be healthy. I will plan for a trip to Asian's hottest **tourist destination** (旅遊地點), Korea. I am so eager to try the local Korean barbecue.

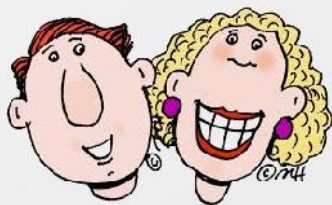

Apart from the above, I want to learn to play the violin too because I think it is a **relaxing** (令人放鬆的) activity. What's more, I promise myself that I will be more hardworking because I want to study in a good secondary school.

I will do my best in the coming year!

Restaurant Review

P. 4B Alice Leung Wai Lamm

Alice Café is a very special café in Taipei. I went there with my family during my trip to Taiwan last time.

The decoration is very **fancy** (別緻) and **romantic** (浪漫). Once you step in the café, you enter a pink world. The staff are nice and polite. They talk to customers with a gentle voice.

There are a wide range of dishes for you to choose from. I tried the toast with jam and pasta. I was very surprised by the awesome **presentation** (賣相) of the dishes. They were very delicious as well!

Alice Café is also good at making desserts. If you like sweet food, I highly **recommend** (推介) that you to go to Alice Café when you visit Taipei next time.

Inside the café is a romantic and fancy world.

Nicely presented dishes in Alice Café.

Do you dare to try?

On 11th December, the newspaper team had a paper plane competition. We designed and made our own paper planes. Then we had the competition in the school playground.

There were different awards in this competition. They were the Longest Airtime Award, the Furthest Flight Award, the Best-made Award and the Most Popular Award.

I thought my plane was bad because it did not fly well. I did not get any prizes but I enjoyed the competition very much. It was great fun.

I hope that we can have this competition again.

Emily Ng won the Longest Airtime Award.

‘See! My paper plane looks cool!’

P.5A Michael Mak Chin Wai,

Today the newspaper team had a paper plane competition.

I made two paper planes. I called one plane Water and the other one Fire. A real plane has a tail, two wings, an engine and a landing gear. Each of my paper planes had a tail and two wings.

My plane looked cool. After making the planes, I thought they would fly well because they were small and light. When all of us had finished making our paper planes, we went to the playground for the competition. I was nervous when it was my turn to fly the plane. It flew very well and I was very excited. Although I did not get any prizes, I felt very happy to fly the paper planes we made. The competition was very fun!

Bad Eating Habits

Carmen had bad eating habits. She liked meat but she did not like vegetables or fruit. Every day, she only ate a lot of meat, junk food and a few vegetables. Her mum always said to her, 'You need to eat more vegetables and more fruit. If you don't eat them, you will feel sick!' Carmen thought that her mum was very bossy and annoying. She didn't listen to her mum.

One day, Carmen went to a restaurant to have a buffet lunch with her parents. She ate a lot of meat like steak, chicken legs and chicken wings. Also, she ate a lot of sugary food like cakes and ice cream. What's more, she drank three glasses of cola! She enjoyed the food and drinks but she didn't know a very big problem was coming to her!

At night, Carmen felt sick. Her parents were worried about her. They immediately called the ambulance. In the hospital, the doctor said, 'You're sick because you ate a few vegetables. You must eat more vegetables and less meat.'

From then on, Carmen changed her bad eating habits. Now, she has good eating habits. She is a fit and healthy girl.

P.5-6

P.6A Zoey Yuen Cheuk Lamm Saving Dolphins

I am a dolphin trainer in Ocean Park. I find that dolphins are facing a lot of problems. I would like to share with you the problems!

Nowadays, dolphins do not have enough living space because people keep turning the sea into land for building more and more houses. They should protect the dolphins by not turning the sea into land.

Also, people dump a lot of toxic waste and rubbish into the sea. They are not aware that such behaviour is doing harm to the environment. Dolphins become ill because of the polluted sea water. I think the government should educate people to keep the sea clean.

Apart from that, people fish in areas where dolphins live so dolphins do not have enough food. People should stop fishing in areas where the dolphins live.

Dolphins are severely suffering from pollution. I hope we all do our best to protect them. Otherwise, they will become extinct one day. Please take action today!

P.5A Vincent Yim Tak Chun Went to a Restaurant

Last Sunday, I went to a restaurant. It was Yum Yum Restaurant. I went there with my father, mother, brother and grandparents. We went there at eight o'clock in the evening. It was an Italian restaurant. We went there because it was my brother's birthday. We know that many people go to this restaurant every Sunday so we booked a table.

When we arrived at the restaurant, my father wanted to say we had booked a table but there was only one waiter. He was so busy. When we ordered the food, there was only one kind of pasta. There were ten kinds of pizza but nine were out of order. And the waiter served us impolitely.

When I was waiting for the dishes, I played paper-scissors-stone with my brother. When we had the dishes, I saw that the customers near our table had finished their meals but the waiter didn't clean the table. It was very dirty. We didn't like it. The waiter there delivered the food slowly. We felt angry and unhappy. My father quarreled with the waiter. He said that the waiter didn't listen to the customers. The waiter just said sorry.

Finally, we took the leftovers home because we didn't want to waste the food. There were no waiters to help us. I think the food tasted bad. I will not have meals in this restaurant because it is not clean.

P.6C Cyrus Cheng Ngo Chun My Dream Job

I want to be a goalkeeper when I grow up because my dream job is to be a well-known football goalkeeper. Being a football goalkeeper is very cool.

Football goalkeepers need to be strong and fit so that they can prevent the opposing team from scoring by defending the goal. They need to be brave and smart too so that they can grab the ball out of the air at once when the opposition is attacking.

I think I am suitable for this job because I am strong, fit, brave and smart.

I hope I can be a well-known football goalkeeper one day in the future.

P.5C Fanny Lam Cheuk Ting New Story Writing

A long time ago, there was a girl who lived in a city. Her name was Ivy. She lived with her mother and father. One day, she met a fairy. The fairy gave her three wishes.

Ivy told her mother about the fairy she met in the forest. Her mother was very happy when she heard the news. They talked about what they would wish for. At that time, Ivy felt very hungry. She wanted some fish to eat. Then a plate of fish was on the table. Her mother quarreled with her. Ivy wanted her mother to stop the argument and she wanted the plate of fish sticking in their mother's mouth.

Ivy used all her wishes. The three wishes were gone. They were still as poor as ever.
