## School Highlights

### September 2022 Fun Character Day

On the 30<sup>th</sup> September we hosted Fun Character Day. Everyone could bring their favourite character to life! We dressed as our favourite character for the day and explored different areas of the school. There were lots of games to play and prizes to win. Though it rained, it didn't dampen spirits. It was a brilliant day had by all!

### December 2022 Christmas Party

We had Christmas celebration on 20<sup>th</sup> December. Thank you so much to all the parents and fellow students who performed for us. We were amazed by your talents! We all had a fabulous time watching the Christmas shows. Some lucky ones even received gifts from Santa and the elves.

### January 2023 International Cultural Week

During International Cultural Week in January, our school invited foreigners from different countries to interact with our students so that they could learn the cultures from around the world in an English-rich environment. Our school held English activities in the classrooms to deepen students' knowledge of cultural diversity.

# Our New English Teachers

In October, the Newspaper Team were able to interview Miss Chan Hau Lam and Miss Pong

Ka Ling-our new English teachers! Here is what we found out.

## Miss Pong Ka Ling

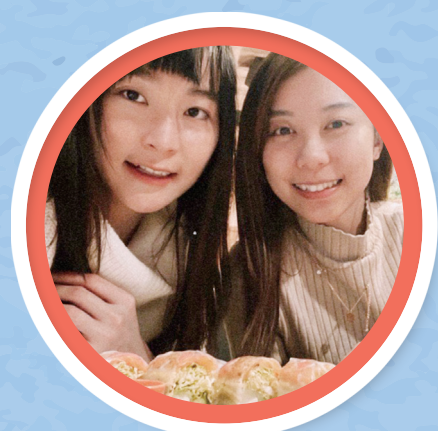

Miss Pong became an English teacher because she likes English and she likes kids too. She is teaching English to Class 4B. She can also teach Visual Arts and General Studies. She is a very creative teacher as you will find out!

Her favourite hobby is drawing because she enjoys the peace and quiet it brings. She enjoys using many colours to create different styles and moods. We had to find out what her favourite colour is and we found out-it is purple!

Miss Pong loves Japan and enjoys the delicious foods and exciting shopping malls there too. Her favourite singer, Aimer, is also from Japan. Aimer has a very soft and gentle voice. If you want to relax, you should have a listen to her on YouTube. We would all like to go to Japan.

## Miss Chan Hau Lam

Miss Chan became a teacher because she likes kids and learning about how unique their personality is. When she was at school, her favourite subject was English because she likes story books. As a teacher, she can teach English, Visual Arts and General Studies. She is very kind and caring.

One of her most memorable experiences was getting a card from all of her ex-students. The card was full of pictures of unicorns and photos of the students. It was very meaningful, which is why it was so memorable.

Her dream holiday would be going to Italy because she loves spaghetti. She wants to try all the pasta dishes in Italy! We love pasta too and would love to join Miss Chan on this food holiday.

It was really interesting interviewing our new teachers. If you would like to find out more about them, you should find them in school and have a chat.

# Halloween Celebration 2022

Once again, our school held the Halloween celebration on 31<sup>st</sup> October, 2022! All students were really excited about it as there were English Halloween activities during English lessons and recess. The haunted house decorated by NET teachers was filled with excitement and hilarity! Did you dare to explore it? If not, try it out next year.

Halloween is always so much fun at our school. Students dress up in costumes, go trick or treating during recess, take photos and visit the scary Haunted House! Have a look at some of the memories from the day.

Did you go to the Haunted House? Are you ready for a scare? If you looked, you could find ghoulish ghosts gather there!

Do you want to see something creepy? In the haunted house you could find a ghoulish mask hanging on the wall.

Miss Mak dresses up as Mickey Mouse and takes photos with P1 & P3 students. They are so happy...and scary!

Scary students scream, 'Trick or Treat!'

A princess and a skeleton bride smile for the camera. 'Say, Freeze!'

Little princesses ask Vampire Principal Lau for some candy. Will they get tricked? Or will they get a treat?

Happy Halloween! Let's take a selfie. 'Cheese!' Or should I say, 'Wooooo!'

Creepy kids in different styles. Will they get along? Will they get some sweets or will something go wrong?

'Your treat is extra homework! Hahahaha!'- The teachers are truly terrifying!

### An Accident at Home

6A Lucy Xiong Ya Wen

Last Sunday, Peter's mother was cooking some soup in the kitchen when the phone rang. At the same time, Peter was doing his homework in his bedroom.

Peter's mother put the boiling pot on the table and went out to answer the call.

Peter felt hungry so he went into the kitchen to find some food. Suddenly he smelt something nice. He opened the lid of the pot and tried to use a spoon to

eat some soup. But when he lifted the pot, the soup spilt out of the pot! He burnt his arm. 'Ouch! Mum! Mum! Help me!' shouted Peter. He felt a great pain. Peter's mum rushed into the kitchen and called an ambulance.

At last, Peter's dad got back and took Peter to the ambulance. The paramedics sent Peter to the hospital. Peter learnt that he should not go to the kitchen and use the pot by himself.

### How Karen Spent Her Pocket Money

6B Ivy Chen Yinnuo

Yesterday Karen was watching TV in the living room after dinner. Her mum suddenly gave her one hundred dollars and said, 'This is your pocket money for this week. Last week you got a good grade in the dictation so this week you have one hundred dollars.' Karen was surprised and thankful, 'Really? Thanks, Mum!' Karen jumped up from the sofa and took the money from her mum's hand. 'I wish you won't buy the fish balls from the stall. It is so unhygienic.' But Karen ignored her mum.

The next day Karen went to the street behind the school. There was a fruit stall and a fish ball stall. The fish ball hawker saw her and said, 'Would you like fish balls? They're delicious!' Karen smiled to the hawker and said, 'Of course! My favorite food is fish balls! I want to buy some curry fish balls. Thank you!' The hawker gave her four curry fish balls. Karen put a fish ball in her mouth. Suddenly she remembered what her mum told her but she thought, 'The fish balls at the stall are not dirty at all!' Karen smiled.

In the evening, Karen finished her homework. She was reading a story book on the sofa. 'Ouch!' Suddenly Karen yelled. She covered her stomach feeling very painful. Her mum heard that, so she ran out from the kitchen. 'What happened?!' Her mum asked. Karen was weak. She said, 'I have a stomachache.' Her mum was worried about her, so she took her to the hospital straightaway.

In the hospital, Karen was lying in a hospital bed. She regretted, 'Sorry, Mum. I ate the fish balls from the stall after school. They're really dirty.' Her mum was not angry at all and she touched Karen's head, 'Karen, it's not that I don't want you to eat fish balls. You know by now, it's because the food in that stall is so unhygienic. If you want to eat fish balls, I can take you to the store to eat them or I can cook them for you.' Karen was touched, 'Thanks, Mum! You didn't blame me. Today I learnt a lesson. Next time I'll be obedient.'

### A Letter to Principal

6C Yiu Miu

14<sup>th</sup> November, 2023

Dear Miss Lau,

We are writing because the Charity Club would like to help the 'World Vision' to raise money for the poor children in Laos.

The people in Laos are facing problems. They don't have enough food and clean water. They are very weak because they don't have enough doctors. They have very little medicine too. Their houses are very small because they are poor.

We can raise money by running a second-hand stall, sell flags and make home-made cookies. We can also send them canned food and bottles of water.

We hope you will be able to help us organize the events!

Your sincerely,  
Yiu Miu and Katrina

### An Accident at Home

6D Khaled Cheung Ka Lok

One day, Peter and his mum were at home. Peter's mum was cooking some red bean soup. Peter was watching a movie. He was amazed about the special effects in the movie. Then Peter's mum heard her mobile phone ringing.

After that, Peter's mother put the pot on the stove and went out of the kitchen to answer the call. When she came out of the kitchen, she left the kitchen's door open so that she could watch the pot boiling on the stove.

As the door was left open, the smell of the red bean soup was coming out of the kitchen. It made Peter come into the kitchen and he tried to lift the pot. However, he was very careless. He poured the soup accidentally all over his arm. He screamed loudly and his mum ran to the kitchen at once.

In the end, Peter's mum called the ambulance immediately as Peter was in pain. After a minute, the ambulance arrived and the paramedics carried Peter to the ambulance. He was sent to the hospital and stayed there for a week. Peter learnt that he should not be careless when he is handling hot objects.

# Go Go the Journey of Growth

Go Go the Journey of Growth is a positive education program designed for primary one students. During the four days when P.2-6 students had their examination, our primary one

students took part in different activities which aimed at enhancing their social skills, self-care abilities and emotional resilience.

## Team Spirit Building

Through group games and inter-class competitions, students learnt to collaborate with their peers. They learnt to win and lose as a team, regardless of individual's performance. These activities also helped them recognise their self-strengths and embrace weaknesses.

## Life-skills Practice

Students learnt to do chores such as folding clothes, wringing towels, cleaning their table and rinsing rice. We believe that doing chores help them learn responsibility and build self-esteem.

## Showing Gratitude

Students learnt to show gratitude to everyone involved in the process of making rice from the farm to the table. They wrote thank-you cards to their kindergarten teachers and made photo frames for their family.

All P1 students had a 100 days celebration party in the school hall with Principal Lau and their class teachers. Principal Lau prepared red eggs for all of them, wishing them a good new start in primary school.

Neymar does his pigeon dance every time his team scores a goal.

# Games and Films Reviews

## Roblox

By 5A Gao Cora

Have you ever played Roblox? If you haven't yet, I recommend you try it!

It is basically a lot of small games inside a larger game. That might not make sense but if you play it, you'll understand. One of my favourite mini-games is Royale High. Some people might think it's a bit girly but actually anyone can play it.

A great feature of the game is that you can set the language so you can make it easier (or even more difficult) to understand. You can chat with other people on the server or talk with them on the

homepage if they're your friends.

Another feature I like is that you can dress up your avatar but you need to purchase it with money or a gift card.

Don't worry, there are lots of free items you can get in the game too.

I've played Roblox for two years and I still love it. You can try it too as it can be installed on many devices. It is free and one of the most popular adventure games around. Enjoy!

## Pokemon Scarlet

By 5A Terence Leung Ming Chun

Have you heard about Pokemon Scarlet yet? If you haven't, you should play it soon.

It's about a teen who attends the Naranja Pokémon Academy and meets other Pokémon trainers, including a Pokémon champion named Neoama. She challenges you to beat the elite four.

Another friend, Arven, needs you to find all the Herba Mystica and the last friend, Penny, tells you to defeat the team star bases. There are a lot of missions to do!

The premise is emotional and heartwarming even if the gameplay is poor. There are many glitches in the game including disappearing opponents. I do like some of the new Pokemon though including Tabulb, Burte Bonnet and Cycliza.

Overall, I think the game is very good and it is worth the money—if you don't mind it bugging out sometimes. You can buy it from the gameshop or on the Nintendo e-shop. I give it 4/5 stars.

## T-Rex Game

By 6A Tsang Timmie

Have you ever played the 'T-Rex Game'? This game is very easy to play and very addictive too.

The game is simple. A T-Rex is running through the desert and you need to jump over cactuses and dodge pterodactyls. If you jump and dodge the obstacles, you get a point. If you get to 99,999 points, then the game resets to zero.

If you want to play the game offline, you can go to Chrome and turn off the wi-fi. It's free!

If you are bored or have no wi-fi, it's great. I hope you like it.

## Popsicle

By 4D Cyrus Ho Ho Tung

Hi readers, I want to share one of my favourite Scratch projects with you. It's called Popsicle#Animations by mkbobatoon. It's about a guy who gets bumped by a popsicle (an ice-cream). He then grabs the popsicle and goes to eat it. Another guy tells him not to eat the ice-cream but then something funny and unexpected happens. It's so hilarious.

You'll have to watch it to find out what happens.

## The Battle at Lake Chanjin II

By 6A Ivan Chen HaoHong

I watched a war film called 'The Battle at Lake Chanjin II' and want to share my opinion of it. The story is about a company of soldiers in the army who have to battle against enemy opposition and force them to retreat.

I like this film because it is exciting and I am interested in history. It is a good war film. It is, however, violent and bloody so you will need to get permission from your parents/guardians to watch it.
